Insect Control Preparation Guidelines

Your home will be treated for _____ on: (date) _____ at (time) _____.
All people and pets must be absent from your home during the application, and for a minimum of 4 to 6 hours after the application. If anyone has any severe medical conditions, they may want to stay away for a longer period.

The chemical to be used is: Tempo WP PCP# 25673 _____ %
 Dragnet FT PCP# 24175 _____ %
 Prelude 240E PCP# 26509 _____ %

We ask your cooperation by preparing your home in the following way:

Kitchen: Remove everything, including all foodstuffs, dishes and utensils from kitchen and food storage cupboards, drawers, counters, stove and fridge tops. Place these items on the kitchen table.

Bathroom: Remove all items from bathroom shelves, vanities and counters. Place these items in the bathtub. Remove bathroom plumbing inspection plate to allow access under the tub and shower.

Bedrooms: Remove all items from floor and shelf areas. Please ensure access to the baseboards by moving everything at least 12 inches from the wall.

Living Room: Move furniture away from the wall at least 12 inches. Remove all items from the floor.

Children's toys: Pick up and place in plastic bags or covered toy boxes.

Storage areas: Ensure access to baseboards, walls and shelves in the basement and storage areas by moving everything at least 12 inches from the wall.

Fish tanks: Shut off pumps and seal tank openings with plastic.

Re-entry: You may return home on: (date) _____ at (time) _____. Upon re-entry to your premises, please ensure that all vanity tops, counter tops, cutting boards, fridge tops and stove tops are washed with soap and water prior to placing items on them. **Please do not wash cupboards, shelves and drawers for at least 30 days to allow the chemical to continue working.** Place clean shelf or newspaper on these surfaces before you return items. Open windows for 15-20 minutes to remove stale air.

If you have any questions about the details of the preparation or you need further information about the pesticides to be used, please call Best Control Pest Control at (403) 273-3025 or (403) 932-4383

In case of emergency or accidental poisoning, please contact the Poison Control centre at (403) 944-1414.
